

#HANDSTOHELP

Join Homeward Bound for Garden Project Day June 6th

There will be material moving and garden building! Be ready for anything as the project has many stages with the goal of accomplishing some big aspects of the project together.

Can't make it on June 6th?

Reach out to get involved on an alternative date

What to bring?

- ☒ Garden Gloves
- ☒ Shovels and Metal Rakes
- ☒ Wheelbarrow
- ☒ Hammers and Drills

WHY A COMMUNITY GARDEN?

We're building a Community Garden in Plymouth for Homeward Bound, serving individuals with disabilities across 22 Twin Cities homes. This space will offer residents a chance to grow flowers, herbs, and veggies—bringing the harvest right to their tables. It's also a place for connection, recreation, and belonging, welcoming neighbors and volunteers alike. This garden brings together three of HBI's core initiatives:

#BeautifyHBI, #RecreationReboot, and #EatWell-LiveWell.

WHAT'S IN IT FOR US?

Our Community Garden isn't just for residents—it's for the whole community. Through shared programs, partnerships, and "Adopt-the-Garden" connections, we're creating a space that fosters engagement, wellness, and meaningful relationships. Together, we're promoting the emotional, social, and physical well-being we all value.
